from the Dy. Comr. Kolar Dt.

Messrs Arbuthnot & Co of Madras have selected a site for a Sugar Manufactory near Chikballapur. The site covers an area of 11 Acres and 18 Guntas assessed at Rs 43. 8. 0. The whole of this area is occupied. The Dy. Comm. of Kolar was asked to take steps for acquiring the land for Messrs Arbuthnot & Co on payment of compensation. The Dy. Comm. reports that the owners of the land are unwilling to part with it and submit a declaration for its acquisition under sec 6 of the Land Acquisition Act. No details are given

as to the amount of compensation claimed and offered

Part VII of the Land Acquisition Act X of 1870 lays down the procedure to be observed when land has to be acquired for Companies. Sec 47 provides that the provisions of Secs: 6 to 45 of the Act shall not be put in force in order to acquire land for any Company, unless the Company shall have executed the agreement provided for in Sec. 49.

No such agreement has been executed in the present case — No declaration can be published under Sec 6 until one is taken.

The Sugar factory will certainly be useful to the public (Vide Secs 47 & 48).

Dear Sir,

Mr. Peebles has reported the tenders made for the Abkari contract and, although we shall ~~regret not securing~~ regret not securing it, we still intend to carry out our plan of erecting a sugar factory at Seringapatam. We therefore ask your to grant us a site between the Lokapavani & Cauvery rivers close to Seringapatam, to be more particularly pointed out by Mr Peebles on the map.

Referring to our conversation with Mr Peebles yesterday we should be obliged if you would also allot us a site in the Kolar district somewhere near Chickballapur. Mr Forrester has not been over that district to decide the most suitable place but you no doubt can advise us fully as to water, road, rail &c

If Messrs Lawrie & Co. erect a sugar factory our plans may be considerably altered more attention being given, at first, to refining jaggery than to grinding cane.

We understand a very large tract of land in the Tumkur district has recently been brought under irrigation which is very suitable for cane cultivation & we should be glad to know if any of this can be allotted to us. If so what would the terms be

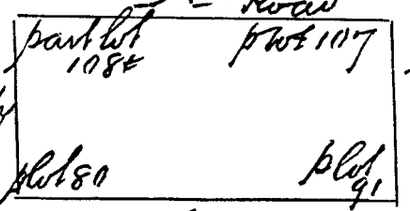
Sir,

We have now received Mr. Forresters report on his visit to the Kolar district, and we have the honor to apply for a grant of the following piece of land as marked out by him in the Chikballapur taluq — The piece of land is on the Chikballapur & Siddaghatta road close to the village of Sidhenhalli close to a large tank & behind the tank & a small temple. It is bounded as follow. N Road



& contains village plots with those intervening as aware.

I am to shew that for this purpose Sidhenhalli is quite a practicable Chikballapur.

We understand from Mr Forrester that a great deal of land is now being brought under irrigation in the Kolar district & perhaps it would be agreeable to your Govt that we

should take up that land rather than that between Bukkapatna & Bannagunda. abroad written about.

Mr. Forrester has not time to go on to Seringapatam & mark out the site there but you will doubtless keep the piece of land thereon selected for us, until we can get it properly marked out.

I have the honor to be

The Deputy Commissioner,

Sir,

With reference to your No: 1362/898 dated the 1st Instant, relating to the acquisition of certain lands required by Messrs: Arbuthnot & Co:, I have the honor to state that lands of the extent of- 15 acres and 10 guntas bearing an assessment of Rupees 21 have already been purchased at a cost of Rupees 335-12-0. Mr. Forrester wants the free grant of certain assessed waste lands measuring 47 acres and 31 goontas bearing an assessment of- Rupees 56-12-0. I shall inspect these lands tomorrow and make a further report as to the actual extent required and other particulars.

2. There is one number 2 which measures 7 acres and 19 gomitas and bears an assessment of Rs 8-0-0. The owner of this land Veeregowda Patel of Goribidnur has been obstinate and demands an exorbitant price at the rate of Rs 100 per acre. This is twice and more than what was paid for the best Railway land. The land must therefore be acquired under the Act. Mr. Forrester reports that the machinery and plant are on their way, and that Messrs Arbuthnot & Co, are desirous of having everything ready for the next crushing season. I suppose he means the season of 1893-94. The land is anyhow urgently wanted. I send a statement for publication in the Gazette under section 6 of the Land Acquisition Act and shall feel obliged if it is published in the Gazette as soon as possible. I have also to request the favor of your moving Government to empower you to acquire the land under section 17 of the Act. On a former occasion Government remarked that personal action should have been taken by me. I

proceed to Goribidnur tomorrow for the purpose. If I succeed in getting the land, the notification in the Gazette need not be followed up by any further action. If I do not succeed the notification will enable us under Section 17 to take possession of land after 15 days of the publication of it.

I have &c
